## Accept The Offer Before Appealing

- Students are **encouraged** to **accept their counter-offers** first before submitting any appeals. This ensures that a place in a PSEI is confirmed to continue their studies while waiting for the appeal results.
- Please refer to the ECGC or ITE Career Centre for guidance on course selection and next steps.

# How to Maximise the 12 Choices

## Passion Basket

Consider the courses that **most align** with your Values, Interests, Personality & Skills (V.I.P.S) and strengths.

**1<sup>st</sup> 3 – 4 Choices**

## Practical Basket

Choose what you are **interested in** and **stand a good chance** in securing. Consider the latest aggregate scores of the courses in each institution (where your net score is **within** the range of the last year's aggregate score).

**Next 3 – 4 Choices**

## Prudence Basket

Include alternative courses where the latest aggregate scores are **higher** than yours. With this, your chances of securing a place will be higher.

**Last 3–4 choices**

# 8 Things You Should Know Before You Enrol in A Private School

## School Registration

Ensure the school is registered with CPE. Review the school's registration period, expiry date and its overall registration track record.

## Partner Institution

Research on the partner institution conferring the diploma or degree, and whether the qualification is recognised by the industry.

## EduTrust Certification Scheme

Is the school EduTrust-certified\*? Under the scheme, private schools are assessed for their performance in areas such as school management and provision of student support services.

*\*Schools are required to obtain EduTrust certification in order to offer external degree programmes*

## School Premises

Head down to the campus ground to check the facilities and support services. Observe the study environment too.

## Fee Protection

Ask if there is any course fee protection so that you will be able to recover unconsumed course fees should the school close down.

## Beyond Course fees

Find out about the course syllabus and materials, graduation rates and employment prospects. Approach the alumni to find out what they think of the school.

## Teachers

Check if the teachers are qualified to teach the course.

## Internship

If industry attachment is included, find out which organisation you will be attached to, the period of attachment and the alternative arrangement should the attachment become unavailable. Verify the information with the organisation as well.
